The Republican Ticket Won In the Town-Clonton Contest For Ward Councilman In The First Ward—Independent Candidate Placed In The Second Ward—Mr. Conlan's Big Majority In The Third Ward.

Bad weather on election day is popularly regarded as presaging Democratic victory at the polls. The old adage failed to hold good here at the local election, which was carried on amid the most gloomy, dismal, and discouraging weather imaginable, and resulted in a Republican victory for the board of the three Ward Councilmen. Fourteen hundred and sixty-eight votes were polled on Tuesday, which was remarkably heavy work under such circumstances, and was largely due to the faithful post-voters, who kept at their post of duty despite the rain and hail. In the first District of the First Ward 379 votes were polled as follows:

Councilman-at-Large George Peterson, 187; Ward Councilman, Wm. Douglas Moore, 142; Ward Councilman, Wm. H. Baker, 134; Representative, J. Joseph A. Rogers, 103; Justice of the Peace, Howard S. Taseel, 221. For County Board of Education, Repub. Committee, James M. Pedersen, 99; and Emil Nelson, 139. For the adoption of the school law, 176 yeas and 18 nays.

The Second District of the First Ward

accounted for 171 yeas and 18 nays.

Repub. Comtee., J. Joseph A. Rogers, 103; Justice of the Peace, Howard S. Taseel, 221. For County Board of Education, Repub. Committee, James M. Pedersen, 99; and Emil Nelson, 139. For the adoption of the school law, 176 yeas and 18 nays.

the Town Council had an adjourned sitting on Tuesday evening at which business postponed from Monday's meeting was taken up. Councilman Farland brought up the question of the disposition of the present hard road materials of the present hard road use of residuum oil, now used in the great success in Redlands, Cal. Farland suggested that the expert be made in Bloomfield. The oil he said, formed a water-tight covering, and in twenty-four hours after an application made the road firm and hard, with smooth surface and prevents washouts. Mr. Farland said that the cost of the coat would be from \$150 to \$200 a mile. He suggested that the Board in Park Place for a distance of one quarter of a mile. Councilman Harrison approved of the suggestion, and the matter was referred to the Board of Commissioners. The New York and New Jersey Telephone Company accepted the ordinance passed by the Council. The Board of Commissioners of Newark sent a letter to the Council asking the latter to erect a runway at the railroad station so that cases of assistance being required by fire from other towns, fire apparatus could be loaded or unloaded without trouble. The matter was referred to the Fire Committee. It was decided to remove the police station from its present location on the

There is trouble in store for the members of the Council over the appointment of the Chief Engineer of the Department, unless the Council decide to make use of the referendum and appoint the man who received the highest number of votes at the last election. There are those who are in favor of a recommendation to appoint William H. Bland, who was a rival candidate for appointment in the district last year in the election, and who has recently been endorsed by the Council for re-election. It is rumored that Charles Ashley, a candidate for appointment in the Truck Company, who was elected last year, will demand the same appointment.

The people of Glen Ridge are angry and bitter at the way the Federal Government has been treating them. They feel that they have been treated as second class citizens. They feel that they have been treated as a conquered people. They feel that they have been treated as a people who are not wanted. They feel that they have been treated as a people who are not needed. They feel that they have been treated as a people who are not respected. They feel that they have been treated as a people who are not valued. They feel that they have been treated as a people who are not loved. They feel that they have been treated as a people who are not honored. They feel that they have been treated as a people who are not appreciated. They feel that they have been treated as a people who are not recognized. They feel that they have been treated as a people who are not acknowledged. They feel that they have been treated as a people who are not thanked. They feel that they have been treated as a people who are not praised. No Change Politically.

The political complexion of the Town Council is not changed by the amendment. The Council still contains a working Republican majority. Messrs. Peterson, Ryland and Connelley, Moore are all Republicans, and Mr. Walker is State and national Union. Messrs. Harrison and Usher are the only Democrats in the Convention. While there may not be any present local affairs, yet party prestige is a valuable factor in the distribution of patronage.

If it is of a deeper or broader scope, and beyond the ability of the officials to cope with, then it is an indication that the Government is in a bad way, and it appears as if Mr. Nye was the first one to connect it.
